

2019 USMTS Sponsors, Awards & Eligibility Requirements

All decals must be in the upright position and positioned in the required locations on both sides of the race car using official decals supplied by the USMTS. If decals are embedded into the design of the race car wrap, they must be the same colors and dimensions of the official decals supplied by the USMTS. Altering the size and/or colors (i.e. washed out or color blending) will be considered the same as no decal at all. The official USMTS logo must be positioned on the A-pillars or, alternatively, nearest the top of the leading edge of the door panel. Drivers must display approved decals in order to be eligible for cash and/or contingency awards offered by some sponsors. Points funds and contingency awards are made possible by our generous sponsors, so please support the companies that support your effort, and thank them when the opportunity presents itself.

OFFICIAL SPONSORS
