

2023 DECAL PLACEMENT

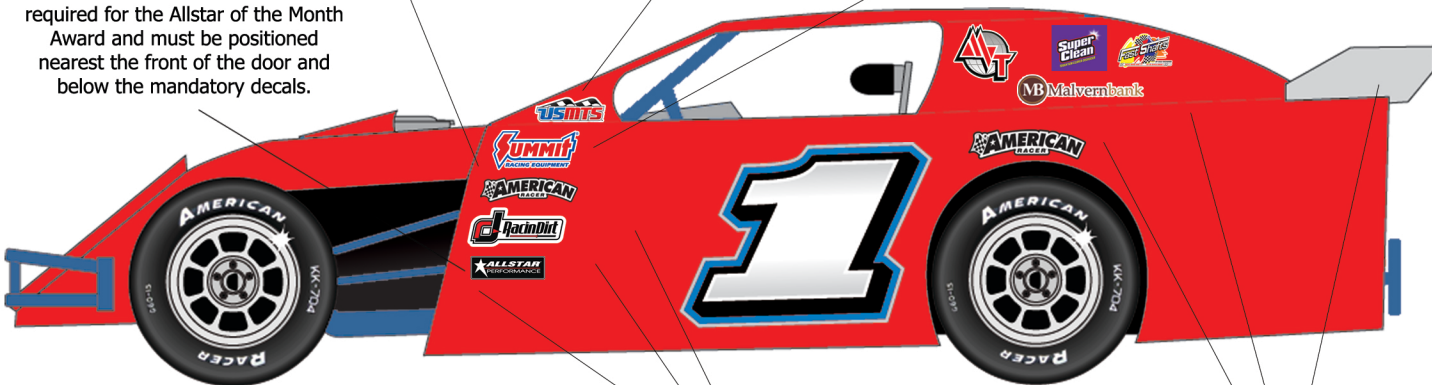

All decals must be placed on the outside of the body panels or the sail panels in the upright position. Decals are not allowed on the frame rails, roll bars, ground effects, wheels or tires. Mandatory decals must be positioned in the required locations on both sides of the race car using official decals supplied by the USMTS. If decals are embedded into the design of the graphics wrap, they must be of the same colors, size and dimensions of the official decals supplied by the sponsors. Altering the size, shape and/or colors (i.e. washed out or color blending) will be considered the same as no decal at all.

The American Racer decal is mandatory and must be positioned nearest the front of the door below Summit, or above the wheel openings.

The Allstar Performance decal is required for the Allstar of the Month Award and must be positioned nearest the front of the door and below the mandatory decals.

The USMTS logo decal is mandatory and must be positioned on the A-pillar or at the top of door nearest the A-pillar.

The Summit decal is mandatory and must be positioned at the highest point nearest the front of the door, directly below or directly next to the USRA logo decal.

The Fast Shafts, Malvern Bank, MVT, RacinDirt and Super Clean decals must be positioned on the outside of the body or the sail panels.

Some contingency sponsors may require race cars to display the sponsor's approved decals in order to be eligible for cash and/or contingency awards offered by those sponsors. Check the 2023 USMTS Sponsors information file which can be downloaded from the USMTS website at usmts.com/downloads, inside your decal packet you receive when purchasing a USMTS license or from a USMTS official at any USMTS event.

As drivers come across the scale after a USMTS event, decal compliance will be checked. They will also be checked randomly in the pit area and/or while the race car is on the race track. The penalty for not properly displaying mandatory decals will be forfeiture of points and winnings for that event. It is the driver's responsibility to see that they have the proper decals and that they are properly displayed.

Points funds and contingency awards are made possible by our generous sponsors, so please support the companies that support your effort, and thank them when the opportunity presents itself.
