| \$700 START | |
| \$150 TOW | |

RULES & PROCEDURES: USMTS rules will be enforced at each event. All drivers must draw prior to the drivers meeting which generally takes place 15 minutes before hot laps begin. Drivers failing to draw before cutoff time shall be lined up at the rear of the earliest heat race with the smallest starting field. Qualifying will typically be done through heat race passing points and "B" Mains. Heat races will be lined up by draw or group qualifying (time trials). When group qualifying is used, the top four (4) best times will be inverted for heat race starting spots. There will typically be no hot laps when group qualifying is used. Qualifying procedures may be altered on a per-event basis when USMTS officials deem necessary due to car count, track conditions, weather, etc. RACEceivers and AMB transponders are mandatory and available at the USMTS trailer when you sign in for the event. For rules, visit usmts.com.

LICENSES: The cost of a USMTS national license is \$500 per year and applies to all USMTS events. Alternatively, a one-time multi-race license good for two to four consecutive events in a single weekend may be purchased for \$100. A one-night license is \$50. There is no requirement that a driver purchase a USMTS license but benefits enjoyed by licensed drivers include \$100,000 excess medical coverage, higher event purses and bonus payouts, increased tow money, eligibility for points funds, increased media recognition, a personalized driver profile on the USMTS website and more.

PROVISIONALS: Driver's possessing a USMTS license have first eligibility for provisional starting spots. Each driver will be eligible for a maximum of two (2) provisionals during the first ten (10) events. After completion of ten (10) events, the driver will be eligible for one (1) additional provisional, and then another after twenty (20) events, and so on. Provisionals at each event shall be awarded based on current USMTS national points with a maximum of two (2) drivers added to the rear of the "A" Main field as provisional starters. The first event of the year shall be based on previous year's USMTS national points. If all licensed drivers qualify for the "A" Main, no provisional starter shall be added by the USMTS. However, track and/or event promoter(s) may elect to add provisional starters to the "A" Main at their discretion and cost. Those drivers will earn the money published for his/her finishing position in the "A" Main but will not earn any additional points in the "A" Main.

EMERGENCY PROVISIONALS: Any driver who possesses a USMTS national license and has perfect attendance is eligible for an emergency provisionals. Driver will be guaranteed the two-money amount and anything above start money (Example: If start money is \$700, tow money is \$120 and driver finishes in a position paying \$800, that driver will earn \$100 more than the non-qualifiers pay (\$220 total). Emergency provisionals will be awarded starting with the eighth "A" Main of 2023, but drivers with perfect attendance in 2022 are eligible at the first event of 2023. Each driver with perfect attendance can use the emergency provisional up to six (6) times. Drivers using an emergency provisional start at the back of the "A" Main.

Complete USMTS rules available at USMTS.com.

MANDATORY DECALS: Summit Racing Equipment, American Racer, Beyea Headers, Chevrolet Performance, Fast Shafts, Malvern Bank, Mesilla Valley Transportation (MVT), RacinDirt, Super Clean and the USMTS logo decal. Other decals may be required to earn bonus payouts, points funds and/or contingency awards from those sponsors.
